• DEGREE EDUCATION & PROFESSIONAL TRAINING

1996 **Postgraduate Diploma (DEA)** in Urban Geography and Territorial Development, Université Sorbonne Paris IV, France

1989 **Diploma of State Registered Architect (DPLG)**, École d'Architecture Paris Villemin UP1, France

Professional Development Training:

2023 Ethics, Rights and Obligations of Public Officials

2021 - 2022 Competency-based Approach in Higher Education

2022 Cooperative Habitats in Zurich-Switzerland, Order of Architects, France

2019 Pedagogy in Higher Education for academic year 2019/2020, IDIP

- Module 1: Developing teaching practices

- Module 2: Planning and successfully implementing flipped classroom teaching

2017 - 2020 English language training through personal tutoring, ENSAS Professional Development Program

2016 à 2017 English language course, Elysées Langues, Paris, France

2009 Sustainable Development: technical know-how and integrative design approaches

• LANGUAGE PROFICIENCY

FRENCH – mother tongue

ENGLISH – Level C1 (speaking, writing and reading comprehension)

• TEACHING AND ACADEMIC EXPERIENCE at ENSA-STRASBOURG

Bachelor 1 level: « Fundamentals of Geography » (*UEL 124 A /40h + supervised work*) and « Tools and Representation of the City » (*UEL 124 B/ 15h*), 120 students, under the direction of Anne Jaureguiberry + 4 support teachers

Bachelor 3 level: Supervision of student study reports in the fields of architecture and urban planning and design (UEL322 B / 5 h), 7 students.

Master level: Design Studio « URBANSTUDIO in transition » (*UEM111-211-120 h*), 25 students, bilingual design studio led and developed over the past seven years in partnership with the **Ho Chi Minh City University of Technology**, resulting in several exhibitions and publications. The studio addresses project design on all scales, from territorial to architectural, incorporating theoretical and critical perspectives in the context of current climate change. Subjects to be addressed are defined in cooperation with the local authorities of the Rhine region in France examining the potential for « Slow Urbanism » through an experimental approach (Colmar, Illzach, Mulhouse, Strasbourg, Saverne) and in Vietnam.

Master level: Final Design Project Studio (UEM-211-100 h) 35 students « Architecture, Cities and Territories », Anne JAUREGUIBERRY and Volker ZIEGLER, in coordination with the Research Group AMUP, the Dual Degree programs with the Karlsruhe Institute of Technology and the Technical University of Dresden, and the ENSAS/CAUP-Tongji Sino-French Chair for Innovative Metropolitan Mobility (with Cristiana Mazzoni and Andréa Grigorovschi). Development of international partnerships with academic institutions in Vietnam and Algeria.

Master level: Seminar (UEM-122-222 B10-48 h) « Cities in transition – sensitive approaches to the city » with Alexandra Pignol. Understanding the globality of challenges and issues facing cities in transition, including the environmental, political, societal and urban dimensions. Developing tools to critically analyze the phenomena of mutating societal models, urban planning, etc. Fostering reflection and individual positioning on questions relating to the climate emergency in architecture.

Master level: Jury member for evaluation of Masters theses

Governance, Coordination and other activities:

Member: Academic Council (CFVE), Scientific and Teaching Council (CPS), International Commission, Disciplinary Commission, Admissions Interview Commission (Parcours SUP Applicants), Degree Evaluation Commission, Transversal Group for the development of a competency-based approach

Coordinator: Academic Program Bachelor Year 1, Master Final Design Projects

Other: Animation of round table debates and discussions for the revision of academic programs 2023-28
